

technoport[®]

technology business incubator

Supporting creativity, innovation & entrepreneurship
since over 20 years.

How to apply to
our incubation
program!

Join us for a unique
entrepreneurial experience!

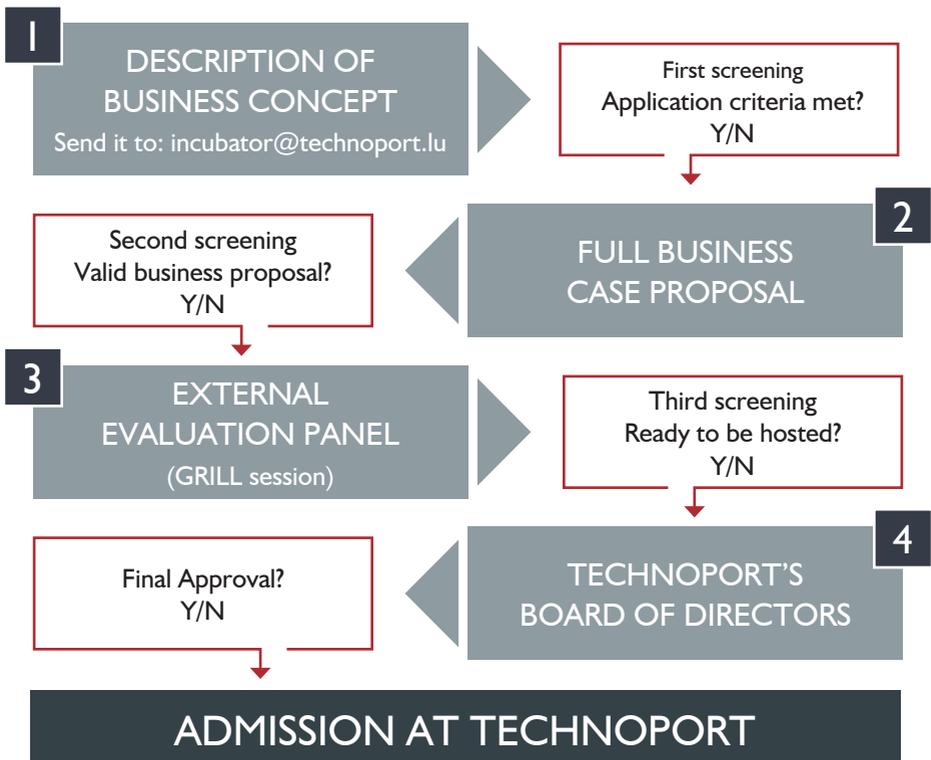

You want to start a technological / innovative company in Luxembourg!

No matter the development stage
(business concept, MVP, commercial product...)

No matter the sector or the industry
(Software, IoT, environment, automotive,
space technologies, life science, industry...)

We can support you with the right networks,
expertise & infrastructure!

TECHNOPORT'S 4 STEPS SELECTION PROCESS

TECHNOPORT'S SELECTION PROCESS EXPLAINED

To be officially accepted @Technoport you need to go through a formal 4 steps selection process

STEPS 1 – 2: THE APPLICATION AND BUSINESS CASE VALIDATION

What we need : a description of your business concept with a focus on the innovative and technological aspects, your development stage and some background information on the team

What format : no pre-defined format

Screening : performed by Technoport's team

Feedback: we commit to reply within 5 working days maximum

If eligible: you get access to our **PRE-COMMERCIAL PROGRAM**
(basically 4 months full access to our coaching and support, environment, and open space - for free)

Next milestone: validate your business concept and show some traction on pre-defined KPI to enter the incubator

STEPS 3 - 4: THE EVALUATION PANEL AND BOARD OF DIRECTORS (BoD)

What we need : your full business case with market feedbacks

What format : no pre-defined format

Screening : performed by Technoport's team + a jury of 3-4 external experts

Result: formal report from experts

BoD: the file is presented for formal approval

If approved: you get access to our **FEE-BASED INCUBATION PROGRAM**
(basically access to our support and your own fully equipped office space or industrial halls up to 3-5 years)

Next milestone: help you bridge your company to success!

Info: we do not take any equity position
process length can vary from 1 to 6 months
roughly 10% of applications make it to step 4
163 accepted companies, 84 successful exits, 18 acquired until June 2021
